## SUMMARY

I am an undergraduate student majoring in Information Systems at Gunadarma University. I am active in participating in organizations such as BEM and volunteer activities. I have basic skills in UI/UX, HTML, CSS, JavaScript, and some frameworks such as Bootstrap and Laravel. In addition, I also have experience in small projects involving the creation of simple websites and web applications. I am highly motivated to continue learning and developing in this field, and looking for opportunities to apply my knowledge in a professional environment. I improve my skills by joining campus organizations, trainings and workshops. I have a disciplined, honest, conscientious, patient and responsible personality. I am also a fast learner, able to work in a team, always curious about technology-related matters, and have high willpower and effort.

## WORK EXPERIENCE

**LLDIKTI Wilayah III – MSIB Batch 8**  Sep 2024 – Dec 2024
